

MARTINI SPRAY TAN

Post Tanning Info and Morning of Competition Tips

Men and women both, please wipe your face well in the morning with a damp cloth or baby wipe. For women this gives you a clean face for makeup application and avoids a "dirty" look. Men we will spray lightly if necessary in the morning backstage.

If you eat grapefruit or lemon: Drape a towel around your neck so NONE of the juice squirts on you. This grapefruit or lemon juice will turn your tan green especially if spatters happen before we have tanned you.

Do not apply deodorant!!! Even after we have tanned you, your armpits will turn green until after you shower.

Do not shower before the show is over unless you are instructed to do so by our staff. We know you feel stinky so does everyone else! You can use baby wipes to freshen up private areas and dust talcum powder under your arms if necessary.

Sleeping Attire: Cotton or polyester blend jammies or long sleeve t-shirts and knit bottoms are preferred. Do not wear robes or pajamas with zippers or buttons that touch your skin. They will leave marks!

It is expected that there will be areas that need to be touched up the morning of the show i.e handprints, bathroom dribbles, etc. If there are minimal spots not near your posing suit, then you can come to us with your suits on. If however you do need touch-ups near your suit or are getting a 3rd coat, please come to us with your suits, bracelets, etc. off. If you are coming to us without your posing suit on please wear your loose clothing, so we can move as quickly as possible so we can get everyone taken care of in a timely manner. If for some reason you have an unforeseen incident and your tan is excessively disrupted when you wake up (i.e excessive sweating, etc.) Call us we will be up early too :) 702-281-6124

We will start touch up, third coats, and day of sprays according to the order of events (in most cases we will assign group tanning times) to make sure we get the ones who need to be on stage first taken care of. Please get your touch-ups well before you ask us to glaze you. You need a few minutes to dry and to allow for a wait as we are first come first serve during morning of spraying IT IS RECOMMENDED YOU COME DURING THE ASSIGNED TANNING TIMES TO ENSURE YOU WILL RECEIVE YOUR TOUCH UP/3RD COAT WELL BEFORE YOU ARE CALLED TO STAGE... PLEASE DO NOT WAIT TILL THE LAST MINUTE.

Ladies, make sure you are finished bending, stooping and sitting before you get bikini bite on your suit.

Pump up some before coming to be glazed. Make sure to listen to the expeditors so you know how to time yourself to have glaze and/or bikini bite applied. We will not be able to keep track of what class is going on stage at any given time, so please keep this in mind.

****PLEASE DO NOT USE ANY OTHER GLAZING/OIL PRODUCT WITH OUR TAN. THIS IS INCLUDED AS PART OF OUR SERVICE AND ONLY THE PRODUCTS WE RECOMMEND... OTHER PRODUCTS MAY MESS UP YOUR TAN**

Have a great night and we will see you in the morning!
